No. 382.

DEPARTMENT OF CIVIL AVIATION,
HONG KONG.

NOTICE TO AIRMEN

No. 7 of 1948

**INSTRUMENT FLIGHT RULES—INSTRUCTIONS FOR
INSTRUMENT LET DOWN AND HOLDING
AT HONG KONG AIRPORT.**

1. The let down and holding procedures contained in appendices to this Notice are for the guidance and compliance of all aircraft operating at this airport.

2. The R/T and W/T procedures for these instructions will be issued under a separate Notice.

3. These procedures have been designed to speed up the landing of aircraft on this airport and to ensure that aircraft do not let down in different directions. Captains are to ensure that the tracks and courses recommended are adhered to at all times. If, in the interest of safety, captains deviate from these recommendations Aerodrome Control is to be informed immediately, giving to that authority the reason for the deviation.

4. Hung Hom Radio M/F Beacon is operational for 24 hours continuously and Waglan Island operational ON REQUEST for 24 hours. This beacon can be switched on at half an hour's notice to the Air Traffic Centre, located at Hong Kong Airport, Kai Tak.

5. Weather information will generally be passed to aircraft when the initial call is made to the Approach Control but further information will be passed on request or when the Approach or Aerodrome Controller deems it necessary in the interest of safety.

6. This Notice cancels Notice to Airmen No. 3 of 1947.

A. J. R. Moss,
Director of Civil Aviation.

16th April, 1948.

APPENDIX "A"**LET DOWN PROCEDURE No. 1—SOUTH EAST GAP****HUNG HOM M/F BEACON**

Position	Frequency	Identification	Power	Operation
22°18'26" North		K.T.		24 hour
114°10'55" East	333 kcs	(KING TARE)		service

Phase 1.

Air craft requiring to let down on Hung Hom Radio Beacon are to request permission from Approach Control on either VHF/RT or W/T channels. As this beacon is high powered aircraft can home direct to Hong Kong Island.
